VOL. 47—NO. 343 JACKSONVILLE, ILLINOIS, TUESDAY, MAY 7, 1912 PRICE THREE CENTS—

ROOSEVELT WINS IN MARYLAND

TRAIN DERAILED ON TRESTLE WAS HURLED OVER EMBANKMENT.

Was First Section of Confederate Veterans Special Enroute to Macon—Old Men Showed Great Courage — Fifty-five Passengers Injured.

Hattiesburg, Miss., May 6.—Nine persons, including three women and two children were killed and 55 persons injured when the first section of the VanZandt confederate veterans special of 11 cars, enroute from Texas to the annual re-union at Macon, Ga., was wrecked this morning on a trestle, a mile south of Eastabuchie, Miss., on the New Orleans and Northeastern railroad.

The locomotive, baggage car, one day coach and three tourist sleepers were derailed, hurled down a high embankment and scattered. Although several hundred confederate veterans were aboard the train, not one was numbered among the dead. Several of the veterans were injured, though none fatally. The dead:

Mrs. J. L. Cameron Henderson, Texas.

Mrs. Chales Holmes, Big Springs, Texas.

J. S. Downing Alta, Ga.

W. A. Wood, Meridan, Miss.

Two children, 3 and five, unidentified.

One woman aged about 35, unidentified.

One man, aged 30, unidentified.

C. J. Jones, negro, fireman.

A special relief train was rushed from Hittiesburg, arriving within an hour after the wreck.

The nurses and doctors found the veterans aiding their comrades as best they could. Many of the less seriously injured old men went to work with remarkable courage. As soon as possible sleepers were pulled into Hattiesburg with eight bodies and those more seriously hurt. Hattiesburg physicians as soon as they heard of the disaster, made arrangements for the living.

The United Daughters of the Confederacy, the Kings Daughters, the Masons, the Elks and other organizations also sent representatives to the scene.

The train at the time of the accident was running on a straight track 30 miles an hour. Those who visited the scene declare the wrecked cars were so crushed that it is remarkable that any of their occupants escaped alive.

Baltimore, Md., May 6.—The Taft leaders claim that the five Taft delegates chosen in Baltimore city, although obliged by their instructions to vote for Roosevelt, may give the Taft sympathizers control of the state convention and enable them to elect delegates to the national convention who would be ready to abandon Roosevelt as soon as released from the obligation imposed by the law. Such a situation might arise at the national convention they say if several ballots failed to result in a choice.

HAS BIG VEHICLE LINE.

In another column will be found the advertisement of Norman Broadwell, one of the well known vehicle dealers of Jacksonville. Mr. Broadwell has had long experience in the vehicle business and he knows it thoroughly. He has his repository now at his residence, 345 West College avenue, and is now showing 35 "jobs" including very best stayles and makes of buggies, surries, carriages and runabouts. Mr. Broadwell has no rent or employes to pay and so is in position to make very low vehicle prices. If you have any idea of buying a vehicle of any kind Mr. Broadwell can save you dollars.

CHAPIN H. S. BACCALAUREATE.

Baccalaureate services for the graduates of the Chapin High school were held Sunday evening at the Christian church in Chapin, an elegant sermon being delivered by Rev. F. J. Baylis, pastor of the M. P. church. Excellent music was furnished by J. Z. Fox and his chorus of sixteen voices. The church was crowded long before time to begin the service. The members of the graduating class are Clyde Taylor, Miss Lucille Fox, Miss Marie Sullens, Miss Adelaide Griffin, Miss Edith White and Miss Johanna Onken.

SERMON ON YOUNG MAN.

Rev. Walter E. Spoonts delivered his first sermon in a series on "The Young Man" before a large audience Sunday night at Northminster church. His subject was "The Young Man as a Son" and it was considered one of the best sermons delivered by the pastor. Music was furnished by the large chorus and the Orphean quartet sang by special request "Where Will You Spend Eternity." Next Sunday Rev. Mr. Spoonts will speak on "The Young Man as a Brother."

ARRESTED FOR SPEEDING.

Officer Trahey arrested Harry Smith and William Edwards Sunday for speeding on motorcycles on Hardin avenue. The police department intends to break up the speed habit among motorcyclists and auto drivers.

CONNECTING WITH PIPES.

The city has a force of men making the connection between the Ayers National bank building and the city sewer and water main. A four-inch pipe will carry the water from the ten-inch main to the building.

ONLY ONE DIED FROM DROWNING

OTHER SIXTEEN PERISHED FROM EXPOSURE.

Above Statement Made Concerning Bodies of Victims of Titanic Recovered by Cableship Minia—Examination Showed Water in the Lungs of But One Body.

Halifax, N. S., May 6.—Only one of the seventeen persons whose bodies were recovered by the Cableship Minia in the vicinity of the Titanic tragedy died from drowning in the opinion of the cableship's physician. The other 16 perished from exposure, death ensuing some four hours after the vessel sank.

Examination of the bodies showed water in the lungs of but one. This statement is made on the authority of the Rev. W. H. Cunningham, rector of St. George's church, who accompanied the Minia on her quest. The Minia had rough weather, continued the clergyman. "We experienced only two pleasant days. A number of icebergs were sighted."

The bodies were found miles apart. Of the 17 bodies recovered 15 were brought to port, the other two, the bodies of unidentified firemen, being buried at sea. The bodies preserved were those of Charles M. Hays, president of the Grand Trunk railway. Joseph F. Finney of Liverpool, a second class passenger; three third class passengers and ten members of the crew.

The Minia arrived at the scene of the wreck at midnight, April 25. The next morning search for the bodies was commenced at 5:30 and at 7:30 that evening 11 bodies had been found. During the next four days bad weather prevailed and only four bodies were recovered. On May 1 the efforts of the Minia were more successful. Steaming over a wide range the body of Joseph Finney was picked up on the edge of the gulf stream in water of a temperature of 56 degrees. Later in the day a further search was made and although one body was seen drifting past the steamer in the dense fog the search for it in a small boat was not successful. On May 3 the search was continued for several hours, but without success and Captain DeCarteret reluctantly gave up the quest and headed for Halifax.

The gulf stream was plainly indicated by a wall of fog and a sudden rise in the temperature of the water from 36 to 56 degrees, in the space of a ship's length.

CITY NEEDS MILK LAW.

Chicago Health Commissioner Urges Immediate Action on Ordinance.

Chicago, May 6.—Health Commissioner George B. Young yesterday pointed out the necessity of early action upon the new pure milk ordinance sent to the city council Monday night. With the warm weather almost at hand the commissioner said a large proportion of the milk supply of the city is not pasteurized or inspected.

There is at present no law in the city requiring any standard of purity in milk supply. This is because of the new state law which nullified city tuberculin tests formerly required by city ordinance.

"The new pasteurization ordinance is needed," said Commissioner Young, "if we expect the city's milk supply to be of any sort of quality this summer. Before the recent legislation nullified the old ordinance, we estimated that fully 80 per cent of the milk supply of Chicago was sent through the pasteurization process. The six big dealers and distributors which supply about 55 per cent of the city's milk still are pasteurizing their product, but the small dealers have stopped this purifying process to a great extent."

Under the proposed ordinance all milk must be pasteurized which is not brought from dairy farms which meet the inspections of the city health department. The commissioner said the amount of milk which would meet the inspection requirements was small when the total Chicago supply was taken into account.

WILL SING AT MAJESTIC.

Well Known Singers Will Be Heard This Afternoon and Evening.

At the Majestic on E. State St., Mrs. Harold Gay, Mis Aima Wilday and Mrs. Harry Woods will sing this afternooon and evening under the auspices of Queen Esther circle of Grace M. E. church. The vocal numbers will be interspersed with moving pictures, Manager Luttrell having secured some special reels, among them "The Marriage of Esther." Starts at 2 p. m. Help the Circle out. Prices: Adults, 10c. children, 5c. No intermission at supper hour.

SOCIAL SCIENCE CLUB.

The Social Domestic Science club recently celebrated its sixth anniversary at the home of Mr. and Mrs. John Hartman on South Prairie street. About eighty members and invited guests were present. The home was prettily decorated for the occasion and the hours from 3 to 6 were spent in a delightful social manner. Splendid refreshments were served by Mrs. M. B. Davis.

NEW FIRE WHISTLE.

The fire whistle presented to the city by Kellogg Bros. was used Sunday and again last night for the curfew. There's no denying that it is there with the "noise" and gives evidence that those who dwell ten to twelve miles away from the city can hear it when the steam is turned on.

TAFT MADE TEN SPEECHES IN OHIO

TELLS PEOPLE AGAIN WHY HE BROKE SILENCE ABOUT ROOSEVELT.

Claims He Has Followed Policies of Predecessor and Besides Brought Trust Suits—Bosses Pointed Out as Local Products—Roosevelt's Path Not Strewn With Dead Ones.

Cincinnati, Ohio, May 6.—Under heavy skies and frequent showers President Taft campaigned through southern Ohio to day. In all he made ten speeches, several in a heavy warm spring downpour that drove the crowds of country folk to shelter.

Mr. Taft began the day's work at Nelsonville and ended it at Cincinnati to night. From the time he left Parkersburg, W. Va., and crossed the Ohio river into his home state, the president continued to tell his hearers why he broke silence and attacked Colonel Roosevelt. He again covered much of the ground he went over in Massachusetts and Maryland, but occasionally brought in new subjects.

Most of his audiences were attentive and at times demonstrative.

The president talked many times about the Roosevelt charge that he was consorting with the bosses. He referred to William Flinn, of Pennsylvania, and Walter Brown of this state, as being two examples of bosses with whom Col. Roosevelt now has dealings. Both are active Roosevelt workers, the president said. Mr. Brown is the chairman of the Republican state central committee of Ohio.

"What bosses are for me?" asked the president late to day at Hamden. "What bosses am I upholding?

"Mr. Roosevelt says they are all for me. I could go over the list and show you a good many for him.

Local Conditions Make Bosses.

"The president has nothing to do with upholding or destroying bosses. Bosses are made by local conditions. Would you think that if Mr. Roosevelt were nominated and elected president we would not have any more bosses?

"I cannot promise you any such thing if I am elected. It is the function of the people at home to reform matters. I don't recollect in the seven years that Theodore Roosevelt was president that his path was strewn with the bodies of dead bosses that he had killed. I don't recall any of them."

On several occasions the president brought up Mr. Roosevelt's references to Abraham Lincoln.

"Mr. Roosevelt claims apparently a patent right on Abraham Lincoln and his sayings," he said at Hamden. "You think the way he talked he was entitled to appropriate everything that Mr. Lincoln did and said. I ask you whether Abraham Lincoln would have treated an opponent as he has done me?"

At Chillicothe the president took up the question of his prosecution of the trusts.

"Mr. Roosevelt charges me with being subject to the control of special privilege," he said. "Well I deny it.

Followed Roosevelt Policies.

"I have followed the administration of Theodore Roosevelt in his policies in every respect but one and that one was that I directed the prosecutions of the steel trust and also the prosecution of the harvester trust.

"I don't charge any improper motives on the part of Mr. Roosevlt that he did not so prosecute. I think he was wrong, but I will say it takes the most audacious courage on his part to charge me with favoring special privilege when the evidence calls for explanations from him."

One of his speeches the president made at Chillicothe to several hundred school children.

"Let nobody fool you into the idea that this is a bad government," he said. "It is a good government. It is the best government on the face of the earth under the constitution that our forefathers gave us."

Taft in Cincinnati.

Cincinnati, Ohio, May 6.—From Chillicothe, President Taft came by special train to Cincinnati, arriving here at 9:20 p. m. He made stops at various places along the line, principal of which were Leesburg, New Vienna, Frankfort and Blanchester.

He was met in this city by his brother, Charles P. Taft and was driven directly to the latter's home.

Tomorrow afternoon the president will attend the Cincinnati-Philadelphia ball game and tomorrow night the Cincinnati May Festival.

NO STRIKE VIOLENCE.

Chicago, May 6.—Quiet marked the freight handlers' strike in Chicago to day. The 5,000 men who quit work on Saturday heeded the request of their leaders and remained away fromthe freight houses. A few business agents picketed quietly and squads of policemen guarded the railroads' property, but there was no trouble. Union leaders say there will be no violence in this strike.

FRANK BYRNS' Hat Store distributors for B. & K. straw hats. The straw without a flaw.

MONDAY IN CONGRESS.

Senate.

Met at 11 a. m.

Resumed consideration workmen's compensation bill, with agreement to vote by 4 p. m.

President Taft's submitted message on co-operation and the cost of living.

Appropriation committee favorably reported joint resolution appropriating $1,138,179 for Mississippi and Ohio valley flood sufferers.

President Taft sent message approving economy commission's plan of retirement of government employes at seventy years on annuities of one-half their salary.

Adjourned at 7:05 p. m. until noon Tuesday.

House.

Met at noon.

William S. Ware, Republican sworn in as member from first Pennsylvania district.

Representative Dyer introduced a bill to appropriate $30,000,000 for protection against floods along the Mississippi and tributaries.

Passed joint resolution continuing national peace commission for two years.

Passed bill appropriating $300,000 to equip army transports with life-boats and rafts.

Passed bill for coining half cent and three cent pieces.

Unanimously passed bill empowering president to invite maritime nations to confer in Washington to consider ocean travel reforms.

Adjourned at 4:15 p. m. until 11 a. m. Tuesday.

NINE PERSONS DIE IN SOUTHERN WRECK

RETURNS INDICATE THAT HE WILL HAVE CONTROL OF CONVENTION BY ONE VOTE.

Late Returns May Possibly Change Result—Clark Victorius Over Wilson by Wide Margin.

Baltimore, Md., May 6.—Maryland's sixteen votes in the national conventions will be cast for Theodore Roosevelt and Speaker Champ Clark unless the few election districts still to be heard from change the result registered to day by the state's first presidential promaries. Although the result was close and Col. Roosevelt, on the face of the returns, had but one more than the number of votes necessary to control the state convention, the latest count to night did not materially change the result indicated before midnight. The primaries divided the delegates to the state convention as follows:

Republicans—Roosevelt, 66; Taft 63.

Democrats—Clark, 72; Wilson, 44; Harmon, 4; in doubt, 9.

Majority necessary to control the convention, 65.

The state delegates elected are bound to chose a delegation to the national convention favorable to the presidential candidates for whom the people to day expressed their preference.

Both the apparently successful candidates swept Baltimore.

Speaker Clark lead steadily from the time the first returns arrived from the Baltimore wards. Early in the evening it looked as if Col. Roosevelt would win by an equally big majority, but shortly before midnight returns from the strong Taft counties in Southern and Eastern Maryland put the president suddenly ahead with 63 delegates to his opponet's 61. It was Prince Georges county that decided. Both sides claimed its five votes until conclusive returns shortly after mid-night placed it in the Roosevelt column.

Speaker Champ Clark and Theodore Roosevelt carried the Maryland primaries on the face of incomplete returns received up to 12:15 from all the counties of the state. The indicated vote was:

Republican—Roosevelt, 66; Taft, 63.

Democratic—Clark, 69; Wilson, 33; Harmon, 4; uncertain, 23.

Majority necessary to control state convention, 65.

ICE BERG REPORTED.

Philadelphia, May 6.—What was probably the iceberg which was struck by the ill-fated Titanic, was reported to day by Captain Wick of the German tank steamer Clio, from Shields, England, for Philadelphia. The captain says that on April 29, in latitude 41.25 north, longitude 48.43 west, he saw an iceberg about 130 feet high, one end of which was broken as if by a collision. The mass of ice was surrounded by steamre saloon fittings of mahogany, bagge and immerable pieces of wreckage.

WATER LOWER AT CAIRO.

Cairo, May 6.—The Ohio river passed the crest of this year's second flood today and the waters are receding tonight. Early this morning the guage registered 49.3 feet. Tonight it records a bare 49 feet.

INDIANA STRIKE LIKELY.

Terre Haute, Ind., May 6.—After modifying their demands to the operators, eliminating many of the requests included in the first report of the United Mine Worker scale committee, the delegates to the convention of district 11 this afternoon voted unanimously to adopt the report of the policy committee, which is practically a declaration to strike in the Indiana bituminous field.

WILL OF ASTOR MADE PUBLIC

SON VINCENT IS MADE PRINCIPAL BENEFICIARY.

Trust Fund of $5,000,000 Left to Young Widow—No Provision For Former Wife—Estate Estimated at Nearly $100,000,000.

New York, May 6.—Counsel for the family made public tonight the will of John Jacob Astor, drawn September last, only a few days after his marriage to Miss Madeline Force and about seventh months before he was drowned at the sinking of the Titanic. Vincent Astor, a son, who will come to age within the year, is made the principal beneficiary and residuary legatee. No hint as to the value of the great estate is given. By the creation of trust funds the testator has followed as far as possible the custom of his forbearers in keeping the vast Astor real-estate holdings intact. The estate is estimated between $75,000,000 and $100,000,000 by a close friend of the family. The will provides for unconditional bequests of only $276,500, beside that to Vincent Astor.

Among these is but one of a charitable or educational nature, $30,000 to St. Paul's school at Concord, N. H. There are three trust funds, $5,000,000 for the colonel's young daughter Muriel, the child of his former wife, Mrs. Ava Willing Astor, and $3,000,000 for the expected child, soon to be born.

No provision is made for the wife who divorced him, and if the young widow dies or marries again the $5,000,000 trust fund, together with the town house and other property left to her, reverts to Vincent Astor. She receives, however, $100,000 outright without stipulation. Until the income from the trust fund shall become available, the trustees are directed to pay her $200,000 a year. There was an ante-nuptial settlement which she accepted in lieu of dower rights. The amount of this has never been made public.

The colonel gives the trustees directions concerning making investments, following almost word for word, instructions of similar nature left by his father, William Astor. As to proper investments, he cites, among other things, realestate, railroad securities and the public debts of the United States, New York, New Jersey, Pennsylvania and Ohio.

Provisions of Will.

The most imortant provision of the will are: To his son, William Vincent Astor, outright the following property: All the lands and personal property at Rhinebeck, N. Y. The house and grounds at Newport, R. I., with all personal property therein. All the pictures and statuary left to him for life. All his jewelry, wearing apparel, personal effects, yachts and boats.

To his widow, Madeleine Talmage Force Astor, the town house and stable at Fifth avenue and Sixty-fifth street, with its contents for so long during her life as she shall remain his widow. Upon her death or re-marriage all this property is bequethed to the testator's son, Wm. Vincent Astor.

For his widow, Madeleine Talmage Force Astor, a trust fund of $5,000,000, she to receive the income of such fund for so long during her natural life as she shall remain his widow and upon her death or in case or re-marriage, then upon such re-marriage, the capital of this fund goes to Wm. Vincent Astor.

For his widow, Madeleine Talmage Force Astor, an outright legacy of $100,000, payable immediately upon the death of testator and all horses and other livestock, all carriages and harness and all stable furniture, and all automobiles and all provisions and supplies belonging to the testator at the time of his death.

These provisions for his widow are made in lieu of dower and all other claim upon the estate.

A trust of $5,000,000 for the benefit of his daughter, Ava Alice Muriel Astor. So much of the income as the trustees shall determine to be proper is to be applied to her support, maintenance and education during her minority and the balance of the income to be accumulated. Upon attaining the age of 21 the daughter is to receive this fund with its accumulations absolutely. In case of her death under 21 years it goes according to her will, and in default of a will or issue surviving heir, then to Wm. Vincent Astor.

A trust fund of $3,000,000 is created for the benefit of the expected child.

Nicholas Biddlde of Philadelphia, who went to Halifax with Vincent Astor to claim Colonel Astor's body, receives a legacy of $20,000; Robert H. M. Ferguson, a close friend and trustee of his father's etsate, and now living in New Mexico, gets $10,000. Douglas Robinson, a brother-in-law of Theodore Roosevelt, is bequethed $20,000, and a similar sum goes to the teststator's brother-inlaw, James Roosevelt, of this city.

The executors are directed to pay the New York Yacht club $1,500 a year until Vincent Astor shall become of age, this sum to be used by the club for the phrchase of two silver cups, to be sailed for by yachts of the New York Yacht club at Newport during the annual cruise.

It is suggested that Vincent Astor, having arrived at age, shall continue to offer these prizes, thus perpetuating the famous Astor cup.

Named as executors are James Roosevelt, Douglas Robinson, Nicholas Biddle and Vincent Astor, upon the latter attaining the age of 21. These same are also appointed trustees of the several trusts created by the will. The will was executed in New York, Sept. 18, 1911. It will be filed for probate in a few days.

CASE AGAINST JUDGE ARCHBALD

HOUSE COMMITTEE TO BEGIN INVESTIGATION.

Paper in Case Sent to Committee From Department of Justice by Order of President Taft—Men High up Summoned.

Washington, May 6.—Investigation of charges against Judge Robert W. Archbald of the commerce court will be undertaken tomorrow by the house committee on judiciary. Papers in the case have been sent to the committee from the department of justice by direction of President Taft. It is expected that E. J. Williams of Scranton, Pa., will appear as the first witness.

One of the things to be taken up by the committee at the outset will be whether Judge Archbald will be invited to participate in the inquiry and be given the right to question witnesses. Mr. Clayton said to day that probably all of the following would be subpoenaed:

G. F. Brownell, vice president and general counsel of the Erie, who is said to have had knowledge of the plan to sell the Culm banks owned by the railroad and to have conferred with the prospective purchasers.

W. P. Bowland, president of the Marion Coal company of Scranton, Pa., who first called attention to the negotation which led to the charges against Judge Archbald.

B. H. Meyer, inter-commerce commissioner, whom President Taft said first brought the charges to his attention.

Captain W. V. May, manager of the Erie railroad properties with whom E. J. Williams is said to have negotiated with reference to the Culm bank transaction.

Charles F. Conn, vice president of the Lackawanna and Wyoming company, which, according to the charges, was the company which sought to purchase the Culm bank property for $35,000. The identity of one of the Scranton men already summoned was not disclosed.

"I purposely have refrained from opening the papers in the Archbald case," said Mr. Clayton, "because I did not desire to examine them until the full committee could go over them with me. The papers will be opened before the commission tomorrow morning and it will be determined just what course to pursue."

STRIKERS ARE QUIET

No Further Trouble Anticipated Between Chicago Publishers and Pressmen.

Chicago, May 6.—Comparatively little trouble resulted today from the dispute between the newspaper publishers and the pressmen, stereotypers and newsboys and tonight the police said they believed normal conditions soon would be restored. About two score arrests were made today but the greater number of them resulted from newsboys crying their wares in violation of police orders. A few newsboys and sympathizers were arrested on charges of assault.

Publishers tonight said that the vacant places in the ranks of their workmen were being filled rapidly and that the most serious problem they now faced was the distribution of papers. More papers were circulated in downtown districts today, however, than there had been on any previous day since the pressmen quit work.

Morning newspapers tomorrow will carry a statement addressed to the public and presenting a review of the trouble since its inception. The statement explains that neither wages nor hours are involved in the pressmen's grievance, but that the entire dispute arose over the insistence of the union that more men would be employed on presses in the Examiner office than were worked on presses of the same or similar kind in other Chicago newspaper offices. The further statement is made that the union refused to arbitrate the question. The strike of the stereotypers, newsboys and delivery wagon drivers which followed the trouble with the pressmen are sympathetic, it is explained.

ANOTHER DISSOLUTION SUIT.

Washington, May 6.—The government intends, it was learned today, to file suit for the dissolution of the National Packing company, unless the corporation takes voluntary action in that direction.

Attorney General Wickersham has instructed United States Attorney Wilkerson at Chicago to consider a civil suit in the light of evidence submitted at the recent trial at which the packers were acquitted of criminal violaton of the Sherman law.

No negotiations for a friendly settlement have been proposed.

POLITICS IN ARKANSAS.

Little Rock, Ark., May 6.—Delegates to the national convention were elected at two district Republican conventions today. Their was a split in each district, the Roosevelt and Taft factions holding separate conventions, each naming delegates. The state convention will meet tomorrow. The Taft forces control the state central committee which met tonight and perfected plans for the temporary organization.

SUIT TO DISSOLVE CORPORATION

ACTION BEGUN AGAINST UNITED STATES STEEL CO.

Two Witnesses Testify as to Pools, Agreements or Understandings to Restrain Trade—Other Witnesses Will Be Heard Today.

New York, May 6.—The government began its suit to dissolve the United States Steel corporation today by attacking one of its largest subsidiaries, the American Steel & Wire company, with the intent to prove that ever since its organization in 1899, down to a year ago, it had been a party to pools, agreements or understandings to restrain trade. The testimony taken before Special Commissioner Henry P. Brown was given by two witnesses, Wallace Buell of Port Chester, N. Y., a retired independent wire manufacturer, and George E. Holton, president of the Briden Horse Shoe company of Catasauqua, Pa., who with others, was indicted and fined in the so-called "wire pool" cases about a year ago.

There are seven of these alleged pools, covering different kinds of wire, named in the government's complaint Holton testified as to the formation of the American Horse Shoe association in January, 1901, three months before the organization of the United States corporation.

The association, he said was organized for the purpose of fixing the price of horse shoes and was composed of nine concerns, among them the American Steel & Wire company and his own concern. These he swore, entered a pool agreement, a copy of which he produced, which provides penalties of not less than $500 nor more than $1,000 for the failure of any member to abide by it. The agreement was continued, he said, down to March, 1909, when the American Steel & Wire company withdrew.

Members of the association, including a representative of the American Steel & Wire company, met informally, however, after the dissolution of the pool until about a month after the New York grand jury investigation into the wire pool situation was begun last year, the witness asserted. They were abandoned then, he said, on the advice of Edwin E. Jackson, the 'supervisor" of this and other wire pools, who was himself indicted and fined.

"At these informal meetings we exchanged information and every man knew what the other man's prices would be the next day," said Holton.

During the existence of the agreement, Holton testified, it was Jackson's duty to name the concern which should accept the bids of the United States government.

It is expected that to morrow's witnesses will be Vice President Frank Bachus of the American Steel & Wire company; George A. Cragin, an assistant general sales agent of the company, and Samuel J. Bailey, of Edwin E. Jackson's office.

PLAN EMPLOYES RETIREMENT.

Washington, May 6.—President Taft to day sent to congress a message approving the plan of the commission on economy and efficiency to retire all government employes at the age of 70 years on annuities equal to half salary with a maximum limit of $600.

The commission estimates that the plan would cost the government $227,000 a year during the next 20 years and that the saving during the succeeding 16 years would equalize it.

Present employes would be assessed, not exceeding 8 per cent.

The government would contribute for employes who are nearing 70. Employes who leave the service could withdraw their deposits to the retirement fund with interest at 4 per cent.

600 REBELS KILLED.

Mexico City, May 6.—Six hundred rebels were killed and the remainder of a force of 1,500 were driven back to Cuatro Cienegas during a fight yesterday with 600 federals under Col. Pablo Gonzales, according to reports received today by President Madero. The federal loss is not given. The battle took place between Cuatro Cienegas and Mt. Clova.

WOLGAST ACCEPTS OFFER.

New York, May 6.—Ad Wolgast, the champion light-weight, today accepted by telegraph an offer of $12,500 guarantee to meet Leach Cross in a ten round bout at Madison Square Garden on May 29, according to announcement made by the promoters tonight.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, May 6—For Illinois: Generally fair Tuesday and Wednesday without decided temperature changes; light to moderate winds.

MAY INCREASE SCHOOL TERM

Board of Education Will Consider Ten Month Plan—Supt. Furr Reappointed.

At the regular meeting of the Board of Education held Monday evening Superintendent of Schools, W. A. Furr, was re-appointed for the ensuing year. The standing committees, which have been serving during the past year were re-appointed by President Davis and aside from this only routine business was transacted.

The roll call showed all members present with President Davis in the chair and the minutes of the last meeting were read and approved. A communication from P. C. Maddox, relative to sprinkling in front of the High school building was read and the matter was referred to the chairman of the High school committee with power to act.

Communications from the Parent-Teachers' associations of the Second and Third wards were read and received and placed on file. The associations in these two wards appointed committees to inspect the schools and their communications contained recommendations of changes and improvements in the conditions in the schools, which they thought would be beneficial to the school children, providing the members of the board saw fit to comply with them. The members of the board expressed their appreciation of the interest taken in the school affairs by these associations and ordered that the communications be received and placed on file, so that they might consider them. A communication was read from Miss Anna E. Day, a teacher at the High school, asking for a recommendation from the board that she might receive a summer scholarship at the University of Illinois. The clerk was instructed to provide her with the proper credentials.

President Davis appointed the standing committees, which are the same as those that have been serving during the past year and all properly approved claims were ordered paid. The interest on bills from the banks were ordered checked up and paid and the reports of Superintendent Furr and Treasurer Farrell were received and placed on file. Treasurer Farrell's report showed a balance in the general fund of $25,727.99 and in the building and repair fund special, $20,611.51. The superintendent's report showed the per cent of attendance as follows: High school 97; Eighth grade, 96; Jefferson, 93; Lafayette, 92; Franklin, 96; Morton, 95; Washington, 95.

Superintendent Furr said that he had talked with the principals of the various w[illegible]e of the teachers and they all felt that the nine months of school, under the present system, is too short, and while the units of credit are being kept up to the standard of other schools, those in the northern part of the state have a ten month year. He said that where they have ten months of school they start the first of September and during the latter part of March or the first of April they have one week vacation. He also said that teachers in these places are paid for every four weeks they teach and said that in some places during the latter part of May they have only one session a day, commencing at 8 o'clock and closing at noon. Member Clampit thought it best to talk the matter over at a later date, and no action was taken.

President Davis suggested that it would be advisable to have the clerk draw the pay roll for the month of May a few days before commencement, as this had been the custom for some time and on motion of Member Clampit the clerk was instructed to have the pay roll ready May 29.

Member Clampit said that he thought it proper to appoint a superintendent for the ensuing year and moved that uperintendent Furr be appointed, the matter of salary to be arranged later. Member Rogerson seconded the motion and it carried unanimously. Mr. Furr thanked the members for his appointment and said that he felt very grateful to them. A number of applications for teachers' positions was received and the matter was referred to the committee on teachers and salaries with power to act.

On motion of Member Clampit the board adjourned subject to the call of the president or the teachers' committee.

VIRGINIA SCHOOL CONTRACT LET

Virginia, Ill., May 6.—At a meeting of the board of education here this afternoon the contract for the erection of the new high school building was awarded to John W. Miller of Sullivan, the amount of his bid being $29,733. John Wolke of Jacksonville was one of the bidders.

It is expected to commence work on the new building in ten days and they hope to have it ready for occupancy by January 1. The building will be 106 by 88 feet, two stories high and will be built of red pressed brick. It will be modern in every particular and will contain manual training and domestic science departments.

Frank Robinson left this morning for Chicago, after a three days' visit with his parents, Mr. and Mrs. Jack Robinson, southeast of the city, and other relatives and friends. This was Mr. Robinson's first visit home in three years and during that time he has been traveling through Texas, Eastern Canada and the New England states.

I. W. C. STUDENTS HEARD IN PLAY

Members of Phi Nu Society Present "Hazel Kirke" Before Large Audience in Music Hall.

A large audience in Music hall at the Woman's college was delightfully entertained Monday night by members of Phi Nu society, who presented "Hazel Kirke." It is the custom each year for the members of Phi Nu to give a play and the one this year will easily rank as among the best ever heard. Stelle Mackaye's famous production "Hazel Kirke" is of such a character as to hold the attention of an audience as well as entrtaining and a royalty is demanded of the author for its presentation.

All the characters seemed well balanced and complimentary mention could be made of each young lady. Miss Hart as 'Hazel Kirke" was most sympathetic in her character and one in which she displayed much talent. Miss Frances English, who playd th part of "Arthur Carringford," was given splendid opportunity to show her dramatic power and she held her character in a splen- "Dunston Kirke" was worthy of es- "Dunstan Kirke," was worty of especial mention. As the old miller she entered into her part with naturalness and won favor from the audience. Her makeup was extremely clever. Miss Ruth Young made her first appearance before the footlights last night and her acting was good, while Miss Marshall portrayed the part of the pretty girl in a winsome manner. Miss Frances Frazee as a rich lord, won applause from the audience. A play without a comedian is not complete and in this department Miss Helen Moore was quite at home.

The stage settings were well done, the first one being very attractive, showing the Scotch scene of the old mill, the fences, apple trees in bloom. The play was divided into four acts. The costumes were very appropriate and described the styles of the country. The girls received their training under Miss Kidder and all are to be congratulated upon the success of the performance.

The cast of characters follows:
Hazel Kirke—Edna Hart.
Dolly Dutton—Mary Louise Marshall.
Emily Carringford (Lad Travers)—Ruth Makutchan.
Mercy Kirke—Beryl Vickery.
Clara—Ina Baker.
Arthur Carringford (Lord Travers)—Frances English.
Dunstan Kirke—Vera Tomlin.
Aaron Rodney—Frances Frazee.
Pittacus Green—Helen Moore.
Methusalah Wiggins (Met)—Feril Hess.
Barney O'Flynn—Ruth Young.
Joe (a Miller)— Anna McIntosh.
Dan (a Miller)—Ara Large.

Track meet Friday, Illinois vs. Carthage, 1 p. m.

CENTENARY EPWORTH LEAGUE.

Annual Business Meeting Is Held at Home of Miss Lillian Jackson.

The annual business meeting of the Epworth league of Centenary M. E. church was held Monday evening at the home of Miss Lillian Jackson on South Clay avenue, at which time the following officers were elected:
President—Miss Cora Potter.
First vice president—Miss Alma Fee.
Second vice president—Miss Moss Carter.
Fourth vice president—Hubert Littler.
Secretary—Miss Ruth Nichols.
Treasurer—Harry Maddox.

BETTER HURRY

In the name of all that's good, beautiful and to be desire give us your attention while we whisper a bargain story in your ear.

85c and $1 Silks on Sale This Week for Only 69c Per Yard

¶ A lucky purchase puts us into possession of a large quantity of silks ordinarily retailing for 85c and $1 per yard on a basis whereby we can pass them on to you at the one price of 69c per yard. It's an opportunity as rare as angels' visits and as scarce as radium—conclusive proof of this store's buying supremacy. All new patterns, never before offered for sale in the city—and as pretty a lot as you ever gazed upon. The color range includes greys, navy, Copenhagen blue and tans, all fashionable colors. To this special purchase lot we have added a number of patterns from our regular stock of Cheney Bros. water-spot-proof Foulards. This will be the Silk sale of the season. There can be no doubt about it. Thus we urge you to hurry and make your choice if you want to own a new silk dress at a very low price. We state candidly that we never made a purchase of silks which we considered a bigger bargain, and we also state just as candidly that we expect the whole lot to be disposed of in a few days. Our last word to you is "hurry."

Harmon's DRY GOODS STORE

Hear the 12 piece orchestra concert, assisted by Miss Jeanette Taylor, reader, and Mr. Roberts, soprano, to night, 8 o'clock, Centenary church. Benefit Centenary Sunday school. Admission 25c.

TRACK MEET FRIDAY.

Carthage College Will Strive For Honors Against I. C.—Ball Game With Lombard Saturday.

The next athletic event on the calender of Illinois college is the track meet with Carthage college next Friday afternoon on Illinois field. While I. C. has often measured arms with the Carthagians, little is known of their strength this year so they practically come here as an unknown quantity.

Coach Harmon has been putting his men through some stiff practice work and believes that he will be able to carry off the honors. In some departments the team is weak, but in others, the contestants will compare most favorably with others in colleges of the same standing as Illinois: The following will be the entries for the locals:

Shot put—Prins, Berry, Gummersheimer.
Discus throw—Prins, Berry.
Hammer throw—Berry.
Pole vault—Bucheit.
Running high jump—Morrison, Wall.
High hurdles—Bucheit.
Mile run—Smith, Stark.
440 yard run—Seifkin, Alford.
100 yard dash—Jaccard, Seifkin.
Running broad jump—Bucheit.
220 yard run—Jaccard, Alford.
880 yard run—Smith, Stark.
220 low hurdles—Bucheit, Land.

Lombard Comes Saturday.

Following close on the track meet will be the baseball game Saturday afternoon with Lombard. The Lombard team will start about the middle of the week for a series of games, playing Millikin last before coming here. Coach Harmon's "vets" have been showing some class, having won twice from Shurtleff and a game from Wesleyan.

NOTICE TO LOT OWNERS.

Persons who own lots in Diamond Grove or Jacksonville cemeteries and who wish special work done this season should make the necessary arrangements at once.

R. L. Pyatt, Clerk.

ENGAGEMENT ANNOUNCED.

At a 6 o'clock luncheon given Sunday by Miss Nelle Taylor at her home in New Berlin, announcement was made of the engagement of Miss Margaret Elsele to Mr. Arthur A. Coulter. The bride-to-be is the daughter of Mr. and Mrs. W. N. Elsele of New Berlin and is a favorite among the young people of that community. Mr. Coulter is the son of Frank G. Coulter, who conducts a furniture and undertaking business in Maroa. The wedding will take place in the fall.

There are people in this town who unthinkingly neglect a "mere cold" although they would not otherwise expose their children or themselves to danger. Yet a cold neglected may develop into contagious diphtheria, bronchitis or pneumonia. Use Foley's Honey and Tar Compound promptly for its stops coughs quickly and cures colds. It contains no opiates and is safe for children. City Drug store, J. A. Obermeyer.

WILL USE WATER FROM W. & D. WELLS

COUNCIL DECIDES ON SOURCE OF SUPPLY WHILE RESERVOIR REPAIRS ARE IN PROGRESS.

Moving Picture Ordinance Is Given Reading—Measure Proposed to Prevent More Than One Person From Riding on Motorcycles—Various Plans for Permanent Increase of Water Supply Discussed.

The city council held two sessions Monday and the most important action taken was in deciding to pump water from the Widenham & Daub wells during the time taken to repair reservoir on Woodland Place Bids are to be received for repairing the reservoir May 17 and it is hoped that the work can be completed in two months thereafter. Mr. Knollenberg made the motion that this action be taken, but afterward withdrew it as all the council was in favor of the plan. There was a good deal of "water talk" about various plans for a water supply, but Mayor Davis suggested that the idea now was to see what could be done to better present conditions and to take up permanent supply plans later on. Mr. Newman said the Widenham-Daub well water was good enough for anybody and that he would be glad of the chance to drink it. All the members of the council and the clerk were present. The proposed ordinance governing motion picture houses was given a reading and mention was made that an ordiance prohibiting two people from riding a motorcycle at one time will be prepared. Various other matters of business were discussed.

Order of Business.

Mr. Brown recommended that the council buy 1,000 feet of six-inch water pipe for the east end of East Court street and favored the purchase of Belldown pipe, as being stronger and of more uniform quality than some other pipe. He had figures from two outside firms and at the suggestion of Mayor Davis and Mr. Knollenberg it was decided to ask local plumbers also for prices.

W. T. Reaugh called attention to a bill he has against a member of the fire department. As it was contracted since he entered the city's employ, Mr. Engel said he would take the matter in charge.

Mr. Brown said there had been complaints from various quarters because the telephone companies, in their repair work have scattered some dead wires and pieces of glass on the streets. Mayor Davis said the attention of the managers of the company's has already been called to the trouble and that they had promised to have employes keep such trash cleared up.

In the course of the discussion on water plans Mr. Knollenberg suggested that it would be well to await the suggestions of the State Water Survey as a representative had been here for several days. Mr. Brown said that of plans suggested for increasing the water supply, one was to build a five foot dam at the pumping station, which would back water up in such a way that about 180 acres would be covered and the average depth be only two feet. Another plan was to build a dam on the Franks farm just north of Nichols park, which would afford a very large storage, as the ravines are deep there. Water, however, would be backed up in such a way that the Vandalia roadway would have to be changed. A third plan would include the construction of a pipe line from Morgan lake to a settling basin at the pumping station, where water could be pumped or allowed to flow and be mixed with creek water or kept from it as the case might suggest. Mr. Newman said he would like to see the pipe bought for this purpose right away. Mr. Newman also suggested that the council visit all suggested sites for water improvement plans and this will no doubt be done later. Mr. Brown said also that he would have some recommendations to make on water supply at an early meeting. Mayor Davis asked if it was possible now to get power for 24 hours from the Jacksonville Gas Co. and Mr. Brown replied that he understood that power could be supplied practically all of the time now that changes had been made at the plant.

After the minutes had been read and approved the clerk read a petition from J. B. Johnson, John Kastrup, George Eads and others asking for the construction of a side walk on South West street between Morton avenue and Richards street. This matter was referred to the board of local improvement and the same action was taken with reference to another petition for a walk on South West street between Anna street and West College avenue.

A communication was read from a number of East State street business men protesting against the use of the electrical musical instrument on the outside of the Majestic theater. This petition was signed by George E. Matthews, Williamson & Cody, C. W. Buckingham and Bernard Gause.

A communication was read asking aid for cyclone sufferers in Kansas and the same was received and placed on file.

A communication was read from George Fetzer stating that he had examined the boilers at the pumping station and that the flues in one of them showed scales which sould be removed. Mr. Brown said that this attention had already been given to the boiler. The reports of the officers were read and approved and then approved claims were ordered paid as soon as the money is available.

Mention was made of the fact that Hugh Sheppard has been soliciting work from lot owners in Diamond Grove cemetery. This is somewhat out of the ordinary as the rules for governing the cemetery were drawn with the idea of having all the work done under the superintendence of the commission. This was done for the double purpose of having the work uniform and so that the city might acquire any profits that accrued. Some one suggested an amendment to the ordinance which would cover the case and it was thought best to discuss the matter with Mr. Sheppard, with the idea that possibly an adjustment could be reached without any change of rules.

Mayor Davis said that he thought some ordinance should be drafted to make it illegal for more than one person to ride on a motorcycle at a time and mentioned the fact that two or three serious accidents had resulted here during the past year from this very practice. He said that he understood that Chicago had such a law and had thought it worth while to mention the matter, although he didn't wish to interfere in the department of health and safety. The commissioners seemed to favor the plan and the mayor said that he and Commissioner Engel would consult with the city attorney and have the proposed ordinance drawn.

Mr. Newman called attention to the proposed re-paving of East State street and said he thought the board of local improvements should take action as soon as possible. Mayor Davis said that it was the intention to act just as soon as possible and in all probability the city engineer would have his estimate ready within a short time.

Mr. Brown reported that he had drawn the plans and specifications for the water-proofing of the reservoir and that specifications would be read by the clerk. Later on in the session the specifications were read and adopted and it was ordered that bids be asked to be returned to the city council at 10 a. m. May 17. It is estimated that it will take two months to do this work.

The introduction of the specifications for the reservoir improvement served to start a general discussion of a water question during which by general agreement it was decided that water should be pumped from the Widenham & Daub wells during the period that the repair work at the reservoir was under way. When Mr. Knollenberg made a motion that water be pumped from the Widenham & Daub wells Mr. Engel said that the rates on electricity must have been reduced from the fact that when he brought up the matter some weeks ago the council decided that it would be too expensive to pump from these wells. He said, however, that he would be glad to second the motion. Mr. Brown had already offered a second to the motion and then he suggested that in reality no motion was necessary as he would go ahead and make the necessary arrangements for pumping, since all of the council seemed to agree that this was the best course. Mayor Davis said he was under the impression that a somewhat better rate for power could now be obtained from the Jacksonville Gas Light & Coke Co., and Mr. Brown said that he would take the matter up with Superintendent Doan and see what could be done.

After the specifications for the reservoir improvement had been acted upon the council adjourned until 2 o'clock. The first business of the afternoon session was the reading of a petition from residents of Sandusky street asking that the water mains north of Lafayette avenue be re-laid, stating that this pipe had been frozen a number of times during the past winter, that various holes had been dug to get at leaks and that the main was in such condition that the residents were without water. The communication went on to say that the water main had been laid only 23 inches below the surface of the ground and that the city engineer must therefore be blamed for the trouble. This petition was signed by Albert Duckett, Walter Martin, John Sutter, A. F. Jordan, C. S. Burdick, S. F. Birdsell and J. W. McConnell. It was received and placed on file. Mr. Brown took exception to that part of the communication criticising the city engineer. He said that not at that time, nor at any time since had the city engineer had anything to do with laying water mains. F. C. Carriel was public engineer at the time the pipe was laid. He had nothing to do with this work.

The report of the city health warden was read and approved and it is summarized with other reports elsewhere. The picture show ordinance prepared by City Attorney Hairgrove was then read and afterward at the suggestion of Mayor Davis the council decided to invite the proprietors of the moving picture theaters to attend an early meeting of the council and talk the matter over.

SOCIAL EVENTS.

The ladies of the Trinity Guild held their birthday social Monday evening at the home of Mr. and Mrs. Charles W. Cornick on South Main street and the occasion was a most delightful one, more than sixty guests being present. The time was spent in a pleasing social manner and an elegant program was given, consisting of readings by Mrs. Perry C. Thompson and Mrs. E. R. Frost, piano solo by Miss Edna Carter and vocal solo by Miss Beulah Carter. During the hours excellent refreshments were served. The hostesses were Mrs. Joseph L. Whittaker, Mrs. J. A. Bellatti, Mrs. Charles Fawcett, Mrs. George Sigfried, Mrs. Boomhower and Mrs. Cornick.

Mrs. W. H. Hinrichsen was hostess to the members of the Monday Conversation club Monday at her delightful home near Alexander. Each year she invites the ladies of this club to hold its spring meeting at her home and the occasions are always welcomed with pleasure. About twenty went from this city on the morning train and spent the entire day at the Hinrichsen home. The club program was taken up in the forenoon, the subje being "Russia." Mrs. Fred Rowe gave a splendid paper on "The Royal Family of Russia," and Mrs. O. F. Buffe dealt with "The Mausements of Russia" in a very interesting manner.

At 12 o'clock an excellent dinner was served and in the afternoon Miss Jeanette Powell of the Illinois Woman's college gave some delightful readings. A library guessing contest also afforded pleasing entertainment, Mrs. W. S. Phillips receiving the prize, which was a jar of pickled peaches. Tea was served at 4 o'clock and the ladies returned to the city on the 5:11 train. At a fitting time in the course of the afternoon events Mrs. M. F. Dunlap, in behalf of the club, presented Mrs. Hinrichsen with a beautiful silver dish, on which was engraved "Monday Conversation Club." For this the hostess expressed her heartiest thanks, speaking also of her pleasant associations with the club.

Mrs. W. H. Hinrichsen will entertain the members of the Rev. James Caldwell Chapter, D. A. R., at an all day house party Tuesday, May 28, at her elegant country home near Alexander.

Mrs. W. T. Reaugh and sister, Mrs. C. A. Boruff, celebrated their birthdays Monday at the home of Mrs. Reaugh on West College avenue. As is well known Mrs. Reaugh and Mrs. Boruff are twins and it has always bene a custom for them to observe the day. The gathering yesterday was informal in every way, the only out of town guests being present were Mrs Margaret Wyatt, their mother, of Manchester, and J. B. Thomas, an uncle, also residing in Manchester. At the noon hour a splendid dinner was served and the hours were most pleasantly spent.

The members of Brooklyn M. E. Sunday school gave a penny social Monday evening in the church parlors and the affair was in every way a success. There was a large number present. Candy, ice cream, cake and lemonade were sold from a booth which was in charge of Innis B. Alkire, and a pleasing musical program was given. Much of the success of the social was due to the efforts of the efficient superintendent, C. O. Bayha.

Miss Edith Colton of Woodson was hostess to a delightful party given at her home in Woodson Monday evening, in honor of Miss Olive Moore. Miss Moore has been one of the efficient teachers in the public schools at Woodson and the "good-bye" gathering was attended by a large number of the young people of the community. The house was decorated in a color scheme of yellow and white, each room being very pretty and attractive. Games and music furnished entertainment for the time and during the hours substantial refreshments were served.

A graduating program is not usually published as a social event but this classification applies to the senior meal given yesterday at the Woman's college. Miss Sidney Newcomb of Gibson City prepared the meal, Miss Mame Allison was the hostess and Misses Ella Newman and Edna Allison served at the luncheon given in the Home Economics department. All are to graduate from the department this year. The series of dinners and luncheons has been so arranged that all of the graduates will act as hostesses, will serve and will prepare one of these meals. The graduate who prepares a meal must first plan it from a nutritive standpoint and then serve it with an economy limit. The luncheon served Monday was excellent in every way. The Home Economics department of the college is certainly doing good work under Miss Gillett's direction.

ARE IN NEW HOME.

Charles Patterson and family are now pleasantly located in their new home, which has just been completed, north of the city. It will be remembered that their house was burned down several months ago and since that time they have been living with their daughter and son-in-law, Mr. and Mrs. Ercil Shibe. They have a splendid six room cottage, modern and with a large basement and in every respect it is an elegant home.

A COMPLETE NEW LINE
of mid-summer shapes for dress hats, just received, also a complete line of feather flowers and matines, the season's most popular trimmings. Place your order early for your dress hats.
H. L. & L. M. Smith.

CORNERSTONE LAID

Ceremonies Held Sunday Afternoon in Connection With the New Methodist Church at Murrayville.

The cornerstone of the new Methodist Episcopal church at Murrayville was laid Sunday afternoon at 3 o'clock with impressive ceremonies. The regular ritualistic service of the Methodist Episcopal church was used and a large audience was present at the exercises, which were conducted by Rev. J. A. Biddle, the worthy pastor of the church. A part of the ritual of the church came first and then a quartet composed of Clarence Cunningham and T. G. Beadles, Misses Beulah Kitner and Stella Cunningham sang a song especially suited to the occasion with Mrs. Nettie Million as accompanist.

Prayer by the pastor came next which was followed by responsive reading from the book of discipline and then the pastor read a scripture lesson from First Corinthians.

In an impressive manner the cornerstone was then laid in the southeast corner of the church wall and just at the top of the basement and at the corner of the auditorium wall. In the hollow receptacle within the stone was put a copper box containing the following articles: A copy of the conference minutes of the 1911 conference; copy of Psalms; copy of New Testament; copy of Central Christian Advocate; copy of Epworth Herald; copy Junior Herald; copy S. S. Quarterly; copy Junior and Primary Sunday school papers; copy Home Missionary Friend; copy Queen Esther Circle song book bearing on the back the names of the officers; copy of the discipline; copy of history of the M. E. church; history of the Ladies' Aid society; copy of the Murrayville Tribune dated May 3, 1912, containing history of the church; two pennies, one bearing Indian's head and one head of Lincoln.

The pastor then read the church history from the Tribune and the history of the Ladies' Aid society, after which another selection was rendered by the quartet which was suited to the occasion and again the pastor led in prayer, after which he announced another meeting that evening at 7:30 in the public school building, at which time District Supt. Rev. A. A. White would preach but a freight wreck on the Alton prevented the gentleman from getting there.

The history of the M. E. church at Murrayville is one fraught with much interest. Many have attended the divine services held within its walls and from it have gone forth many who have had a prominent part in the work of life. For many years the church was served by a pastor who also had Manchester and Union or Greasy Prairie but in 1906 it was made a station and erected a parsonage since which time it has supported a preacher.

The first structure was at Bethel cemetery, but in 1868 a new church edifice, the one recently torn down to accommodate the new structure now being erected, was completed, costing much for the devoted people who supplied the means. In 1869 services began to be held in the new building and as time went on many were added to the society till the building was declared inadequate and at a regular monthly meeting of the official board held at the home of C. F. Strang Feb. 6, 1912, the erection of a new building was suggested. On the following Thursday night, Feb. 8, a special meeting of the board was held at the home of Mr. and Mrs. W. B. Wright, at which time it was voted to undertake to rebuild, and pledges to the amount of $4,175 were made by the members of the board. On Thursday night, Feb. 15, at the church, a quarterly conference was held and by unanimous vote of that body it was ordered to erect a new church edifice at the minimum cost of $10,000. On March 6 the contract was let to J. B. Martin of East Liverpool, Ohio, and on March 17 was the closing services in the old church, when two sermons were preached by the pastor, Rev. J. A. Biddle, and on Wednesday, March 20, wrecking of the old church began.

On May 5, just three months from the time the new church was suggested, the corner stone was laid.

The following is a list of the present official members:

Trustees—T. N. Bush, president; C. F. Strang, Arthur Seymour, J. W. Fanning, John Warcup, A. H. Kennedy, Roy Clark, H. U. Osborne and Harry Cade; stewards—J. E. Osborne, H. E. Million, J. L. Wyatt, J. A. Carlson, J. T. Wild, C. T. Daniel, J. A. Richards, W. B. Wright, F. W. Story and Edward Ketner.

J. L. Wyatt is superintendent of the Sunday school; Miss Clara Riggs, president of the Epworth league; Mrs. O. P. Brewbaker, superintendent Junior league; Mrs. J. A. Biddle, president W. F. M. S., and Mrs. Lora Angelo, president Ladies' Aid society.

The following is a list of the pastors from 1853 down to the present: H. Shunk, 1853; T. J. Starr, 1854; J. C. Sargent, 1855; Robert Clark, 1857; W. W. Evans, 1857; B. Newman, 1860; B. C. Wood, 1861; R. N. Davies, 1863; R. C. Norton, 1865; W. H. Taylor, 1867; D. H. Stubblefield, 1868; Andrew Rynder, 1869; Rev. Mr. Bates, 1870; Rev. Mr. Stanner, 1872; J. J. Gardner, 1873; S. T. Hawkins, 1876; E. J. Carlyle, 1878; J. W. Helmick, 1880; J. R. Martin, 1882; S. G. Feree, 1883; M. Rose, 1886; H. T. Collins, 1888; P. B. Huffman, 1889; J. M. Young, 1892; G. W. Read, 1893; W. W. Drake, 1895; P. F. Gray, 1897; A. B. Cadwell, 1899; H. C. Turner, 1903; J. D. Payne, 1905; George R. Rainsberger, 1906; Edwin Gibson, April to September, 1910; J. A. Biddle, 1910.

The work on the building is progressing well. The brick in front are up to the floor level and to the tops of the windows in the rear.

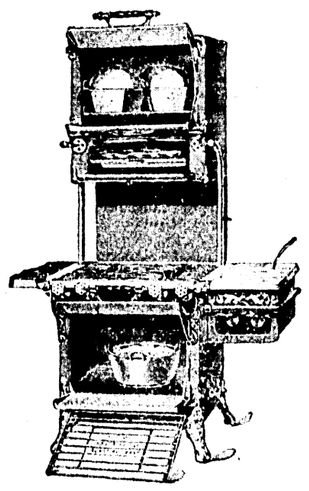
MONTGOMERY & DEPPE

Even The Doors Are Different On A New Method Gas Range

It is not enough that these Gas Ranges consume 25 per cent. less gas, bake more evenly and quicker than any other gas range, are more easily cleaned, and non-explosive, but even the doors show an improvement over the old style.



The Doors split in the center, Yes, actually split in the center. When the door is open the upper section moves up; preventing the heat from rushing up into your face, the lower half moves down---forming a strong ledge---yet not projecting out too far and being in the way.

Every woman who has experienced the rush of heat into her face as she opened up the old style door will appreciate this improvement.

These Split Oven Doors are so evenly balanced that they stay anywhere you place them. There are no catching devices, locks, springs, etc., to get out of order as in the ordinary style door.

But the split oven door is only one of the 18 different ways in which the New Method differs from all other Gas Ranges.

We couldn't begin to tell of all the special features of the New Method Ranges in one advertisement, we couldn't in a dozen.

Come in and let us personally show you these special features, let us demonstrate each one in detail, let us show you how this feature saves gas, how this one insures perfect baking, how this one prevents explosions, how this one adds to your convenience, etc.

BURGLARS ENTER BRIGG'S GROCERY

Store on West Lafayette Avenue Was Broken Into Sunday Night—Small Amount Taken From Cash Register.

Burglars entered the grocery store of P. R. Briggs on West Lafayette avenue some time Sunday night, taking a few nickles from the cigar wheel, and several pennies and postage stamps from the cash register, the only money to be found in the place. They made their entrance by smashing the glass in the back door. This let them into the wareroom and they next broke a hole in the glass in the door leading to the store and reaching their arm through the opening unbolted the door. The cigar wheel was emptied of six nickles, the cash register of 26 pennies and 48c in postage stamps, and Mr. Briggs' private desk was ransacked but no money was found. There was plenty of bacon, flour, cigars and tobacco at the disposal of the burglars, but this they didn't touch, apparently looking only for money. It is likely also that they were frightened away before they had completed their work.

That the store had been burglarized, was discovered by Mr. Briggs at 6 o'clock Monday morning, when he went to open the place. It is thought the store was entered between midnight and 5 o'clock as the Briggs family, who reside next door, did not retire until 11 o'clock Sunday night, and it is not likely that the burglary would have been attempted before that time.

DEATHS AND FUNERALS

Smith.

Mrs. Kate Murdock Smith died Sunday, at 4:30 p. m. at the home of her daughter, Mrs. C. H. Dummer in Chicago. She was the widow of the late Prof. J. B. Smith and sister of the late Mrs. T. D. Eames of this city. She was a lady of fine musical ability and highly cultured. The family at one time lived in this city, but had not done so for a number of years. She leaves two sons and a daughter, Mrs. C. H. Dummer of Chicago.

Mallory.

Mrs. Frank P. Mallory and infant child died at 3 o'clock Monday afternoon at Passavant hospital. The remains were removed to Gillham's undertaking establishment and will be taken to day to the family residence, 225½ South Main street.

Mrs. Mallory's maiden name was Bertha Duncan and she was born in Louisiana, Mo., her parents being William and Ellen Duncan. Three years ago this month she waas married Frank Mallory, who survives her, together with the following brothers and sisters: Theodore Duncan, Louisiana, Mo.; Charles Duncan, St. Louis; Mrs. Dixie Ward, Columbia, Mo.; Mrs. Maggie Williams, Welleville, Mo.; Miss Cora Duncan, Louisiana, Mo.; Mrs. Ollie Turner, Clarksville, Mo.; Mrs. Mattie Goodwin, Washington, D. C., and Mrs. Annie Bolden, Clarksville, Mo.

Deceased was a faithful member of Mt. Emory Baptist church and a woman held in high esteem by reason of her many splendid qualities.

Funeral arrangements will be announced later.

Reynolds.

Joseph Reynolds died Monday evening at 6 o'clock at the family residence, three and a half miles southeast of New Berlin, aged 60 years. He had bene ill for a long time, but only confined to his bed for the past month. Two years ago he underwent an operation in a Springfield hospital.

Mr. Reynolds was born near Franklin, Ill., and had always resided in this community. He was an honorable man, and one in whom his friends found many fine traits of character. He was a member of the Modern Woodmen. He followed the occupation of a farmer all his life and was well posted on every phase of farming and stock raising.

He was twice married, his first wife being Miss Belle Brewer of Franklin, who died 25 years ago. His second wife died in St. John's hospital in Springfield about a year ago.

The following children survive: Mrs. John Jones and George Reynolds of Franklin; Lee, Charles, John and Lloyd, all residing near New Berlin. He also leaves two brothers, Lewis of Franklin and Edward of Minnesota, and a sister, Mrs. Mary Fay, of Springfield.

No funeral arrangements have bene made.

Schragg.

The funeral of Mrs. Anna Margaret Schragg was held at 9 o'clock Monday morning from the residence of John Minter, 423 South East street, in charge of Rev. F. A. McCarty, assisted by Rev. H. W. McPherson of Ashland. The singing was by a quartet composed of Mrs. T. H. Rapp, Miss Jones, Albert C. Metcalf and W. W. Gillham. The bearers were M. Hellenthal, G. W. Thompson, D. T. Helmlich, C. A. Osborne, H. C. Jones and Carl Houghton.

The body was taken on the 10:21 C. & A. train to Trenton, where more extended services will be held this morning and interment will be made. Mr. and Mrs. John Minter, David Claus and J. F. Claus went from this city with the remains.

PAYS TRIBUTE TO HELEN BROWN READ

German Paper Speaks in High Praise of Jacksonville Young Woman's Singing in "La Boheme."

Mrs. Helen Brown Read, known in German opera as Fraulein Rheder, continues to win the praise of critics at Chemnitz, Germany, where she has had a most successful season in grand opera. Recently she made her final appearance at Chemnitz in "La Boheme," in which play she has been taking the part of Mimi, and the great appreciation of the people for her singing was shown at the conclusion of the opera, when she was presented with a beautiful laurel wreath and a handsome platinum and diamond pin. The applause also was loud and prolonged.

The following is an extract of a criticism which appeared April 19 in the Chemnitzer Tageblatt:

"The attention of the professional listener was centered chiefly upon Fraulein Rheder, whom we have learned to treasure as an earnest, ambitious and gifted singer. She was singing for the last time the great musical and dramatic part of Mimi in La Boheme. Fraulein Rheder is well endowed for this tender character since she is first and foremost an actress of pathetic parts. Her external appearance, the charm of her personality and her noticeable depth of emotion unite with her useful voice of a beautiful quality in a complete impression that has the power to hold the listener and spectator absolutely under the spell of music and poetry. Fraulein Rheder shows also that she has matured much vocally. The finished work of the last act evinced a sound and refined art."

The most pefrect straw hats made are shown by FRANK BYRNS' Hat Store.

HAS CLOSED SUCCESSFUL WORK

Rev. N. W. Thornton Gives Up Pastorate of Pisgah Church to Assume New Duties at Aledo.

Pisgah Presbyterian church, Orleans, was well filled by a wideawake congregation Sabbath morning. The occasion being the farewell sermon of their pastor, Rev. Norbury W. Thornton, who has been elected field secretary of William & Vashti college, Aledo, Ill., and will enter upon his duties by the middle of the month. The subject of the sermon was Heaven the Reward. This sermon was the last one of a series that had been interrupted by stress of weather. It was a splendid theme for a closing of his work in the discussion, the speaker, considering the attitude of men generally to this reward, the sad irremedial disappointment it will be to miss this reward, and the fact that God desires all mankind to help build up heaven in his world.

Frank Drury, elder, and W. T. Scott and James Young, deacons, were inducted into office. This was followed by a beautiful baptismal service patterned somewhat after the service of the Episcopal church. Mrs. G. W. Arnold was brought up in this church and in planning for the baptism the principals, Mr. and Mrs. J. W. Arnold, and Mrs. Emily W. Tindall as a godmother, assumed the vows and the little daughter, Frances Elizabeth Arnold, was baptised. The church is ready to receive the services of a pastor and are well united and organized for work. The congregation met after the service and adopted the following resolutions presented by Miss Eleanor I. Moore as chairman of the committee and read by Mr. Irvin Stevenson.

LET FOXES LOOSE.

Sunday night some person cut the wires of the cage which contains the foxes at Nichols park and let the animals get away.

The commissioners are at a loss to see why any one would do a thing like that, as they are not aware of hurting the feelings of any one or doing anything which would lead to such a piece of revenge. The few animals and fowls in the little zoo have been quite an attraction to visitors and especially the children who have enjoyed them a great deal and it is mean to lessen the pleasure the little ones take in visiting that place of resort.

R. G. EMPSON IN CITY.

Roy G. Empson of St. Louis, who graduated from Illinois college in the class of '08, was a visitnrotih . . . N class of '08, was a visitor in the city Monday. Mr. Empson will receive his diploma from the medical department of Washington university in June and expects to spend the summer in work at the City hospital. The university gives him honorable mention for his work in chemistry and anatomy. Mr. Empson's father, Herman Empson of Harrisburg, was with him in the city Monday.

DON'T GROW BALD YOUNG MAN!

Take Care of Your Hair While You Have Hair to Take Care Of.

It's a safe ten to one bet that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness, by destroying the cause of baldness—the little persistent vociferous dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hai troubles by using PARISIAN Sage.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots, if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents at drug stores and toilet counters. See that you get PARISIAN Sage.

Coover & Shreve guarantees it.

THIN FOLKS MADE PLUMP.

Samose Ideal Flesh Builder Say Druggists Coover & Shreve.

Thin people are simply suffering from want of nourishment.

If you are thin, it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissues as it should.

You can readily get plump and rosy by using Samose, a tissue forming food which when taken with the meals, immediately becomes a flesh building and life giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Coover & Shreve are introducing Samose to their customers and recommend it highly. They give the best proof of their belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

BIDS ARE ASKED.

Sealed bids will be received at the office of the city clerk until 10 o'clock Friday, May 17, 1912, for water proofing the distributing reservoir on Woodland Place. Plans and specifications may be seen at the office of the superintendent of water works. Bids will be opened at the hour mentioned and publicly declared. The council reserves the right to reject any and all bids.

C. R. Knollenberg,
Commissioner of Accounts and Finances.

SPEAKERS DID NOT COME.

Unavoidable Circumstances Made Change of Program at Socialist Meeting Necessary.

The meeting advertised for last Sunday in Socialist hall, at which Mary O'Reilly of Chicago was to be the chief speaker, was held at the announced hour. A program had ben been arranged and carried out as follows:

Lawana—Drake orchestra.

Sunny South overture—Drake orchestra.

Dainty Dances—Drake orchestra.

Recitation—Valma Eaton.

Violin, flute and piano trio, Schubert's Serenade—Grace, Minnie and L. P. Hoffman.

Recitation, Evolution, Oscar Amerinjger—Grace Hoffman.

Violin solo—Barcarolle, from Tales of Hoffman—Minnie Hoffman.

Song, I'm a Socialist—Valma Eaton.

The speaker of the day, Mary O'Reilly failed to appear, being detained in Chicago, which was a source of keen disappointment to the large audience.

The following telegrams are self explanatory:

Chicago, Ill., May 5, 1912.
Mr. L. P. Hoffman,
Jacksonville, Ill.:

Critical newspaper strike, working day and night. Daily Socialist only paper distributed. Cannot speak there. Winnie Branstetter will take my place. I will attend Federation of Labor meeting. Mrs. Branstetter will arrive 3:55 p. m. on Alton. Best we can do.

Mary O'Reilly.

Chicago, Ill., May 5, 1912.
Mr. L. P. Hoffman,
Jacksonville, Ill.:

Cannot make train connections on Sunday; deepest regrets at disappointing audience.

Winnie Branstetter.

KILLED IN ALTON WRECK.

A victim of the Alton wreck of the Murrayville cut off Sunday was Sandy Cherry, a young man, 21 years old, connected with the Western Union Telegraph company at Springfield. He was a nephew of Mrs. E. C. Andrews of this city and a cousin of John Cherry. He was a young man of fine character, industrious and stood well in the capital city.

The funeral will be conducted Wednesday at 10 a. m. Mrs. Andrews expected to go up to day to attend it.

QUICK RELIEF FOR RHEUMATISM

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast. Sold by L. P. Allcott, druggist.

BRADY BROS

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription."

Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R.V. Pierce, Pres., Buffalo, N.Y.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases, but it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

GRADUATION RECITAL.

At Academy Hall, Tuesday evening, May 7, at 8 o'clock, a recital by candidates for teacher's certificate will be given: Mrs. H. D. Crum and Alma Forsythe, assisted by Carrie Dunlap, will furnish the program.

S. S. CONTEST AT ROODHOUSE.

Roodhouse, Ill., May 6.—In the Sunday school attendance contest between the Baptist churches of this city and White Hall, the local school stands a good chance of winning, the attendance yesterday giving them a lead of 470. At the local Sunday school yesterday there was an attendance of 519, while at White Hall there were 396.

Those in charge of the local end of the contest were endeavoring to have an attendance of 400 at yesterday's meeting and the attendance exceeded all expecations. The contest is to continue for three more Sundays and at the close the loosers are to give a banquet for the winners.

Mr. and Mrs. Earl Williamson of St. Louis are in the city for a few days visit with Mr. Williamson's sister, Mrs. R. P. Smith. They are here on account of the illness of his sister, Miss Nettie Williamson. Miss Williamson is a patient at Dr. Day's hospital and is getting along nicely.

CHICAGO & ALTON

Special Excursion Fares.

$52.00 round trip to Portland, Ore., and Seattle, Wash., and other North Pacific coast points.

May 15, 16, 17, 27 and 28. For more particulars call on or address.

D. C. DILTZ,
Ticket Agent.

NOT THIS ONE.

Emanuel G. Fernandes, the well known contractor, wants to let it be known that he is not the defendant in the suit brought by Harry Wells. There are three or four persons in this vicinity named Emanuel Fernandes and the one mentioned above is not the one against whom the suit has been brought.

Mr. and Mrs. Charles Nauii of Prentice were among the business visitors in the city esterday.

DECLINES OFFER

Prof. R. O. Stoops Unwilling to Accept Presidency of Blackburn University—Will Remain in High School Work.

Prof. R. O. Stoops of the high school has refused a flattering and urgent request to accept the presidency of Blackburn university at Carlinville. Knowing his ability as an instructor and general character as well, the committee on president urged him to accept, but he declined, twice by letter, and finally by long distance telephone.

Prof. Stoops says he has entered on high school work as a calling and desires to work on toward greater efficiency in that direction and to that end he has employed two vacations in special study and expects to put in the summer months this year in the same manner.

Certainly the patrons of the public schools and the city in general are to be congratluated on the refusal of Prof. Stoops, as he is a man whose place it would be difficult to fill. The record he has already made and the aspirations he has show him to be a man valuable in the educational work of the community.

BABY TORTURED BY ITCHING.

Its Suffering Keeps Whole Family Awake.

Try This Remedy at Our Risk.

Children with eczema not only cannot sleep, on account of the awful itching, but their crying keeps parents and other members of the family awake.

The relief they long for can be had by applying Saxon Salve, our new skin remedy. It stops the terrific itching at once and makes them comfortable. Then they and the rest of the family get a chance to sleep.

Saxon Salve does more than give relief. It is a harmless, yet powerful healing remedy and sinks into the diseased skin, destroying the germs and soon clearing away all signs of the eruption, leaving the skin soft and smooth. Marked improvement is noticed in the first few days of treatment.

If Saxon Salve does not do all we claim, we give back your money. Lee P. Allcott, druggist, Jacksonville, Ill.

The travel to Los Angeles on account of the meeting of the Mystic Shriners was very heavy—above the expectations of nearly all passenger men. The Shriners' special trains over Denver & Rio Grande were so numerous that on one day, May 2, it was necessary to handle them in "fleets." On that day eight special palatial Pullman trains, consisting of from nine to twelve cars each, left Colorado Springs for Salt Lake City between 3:45 and 4.58 a. m., seventy minutes, there being a train every ten minutes, and they kept up the procession all the way across the mountains to Salt Lake City. There was also a heavy movement on the 1st and 3rd of May.

Why He Was Late.

"What made you so late?"

"I met Smithson."

"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs." Sold by all dealers.

Miss Margaret Widenham, who for two years, has been director and head of the piano department in The College of the Sisters of Bethany, in Topeka, Kan., has resigned her position to accept one in The Girls Collegiate school, in Los Angeles, Cal. Miss Widenham expects to spend the summer in Jacksonville, leaving for the west about the first of September.

Wabash Invests Two Million Dollars in New Steel Rails.

The Wabash Railroad has purchased for its new second track construction and for renewal of existing tracks 36,000 tons, approximately 1,000 carloads, of rail, which, with the frogs, switches, joints, spikes, bolts, tie plates and other fixtures, makes the largest order for steel products placed this year. This order calls for an expenditure of more than $2,000,000.

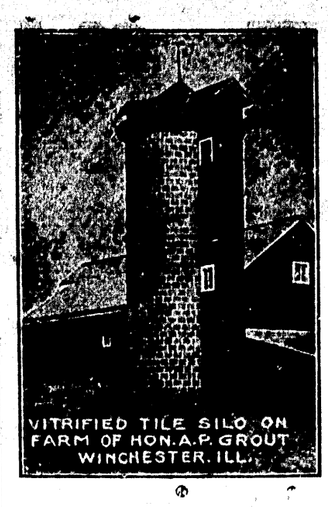
When railroad construction was in its infancy and metal came into use for railroad track, a flat iron rail about 2½x⅝ inches in size, weighing thirteen pounds to the yard, was spiked to longitudinal stringers; now the rail is a heavy steel girder six inches high, weighing 90 to 100 pounds per yard, 33 feet long and capable of carrying tremendous wheel loads.

A number of roads are now fastening rail to the ties with a screw spike, which is used largely in France for that purpose, instead of the ordinary spike which is driven like a nail.

In England the rail is an oblong shape held in a chair with a wedge and differs from the girder rail so generally used in America, in that it is of a much lighter section; and this is true of the rail in foreign countries generally, where the equipment is not so heavy; therefore, the heavier rail is not so essential as in this country.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by all dealers.

Steven Ritter of Alexander was transacting business in the city yesterday.



Silo Facts

In determining the kind of a Silo to build, remember that an "A. P. Grout Vitrified Tile Silo" will not rot or go to staves and that it will keep the silage perfectly. The "A. P. G. V. T. Silo" is practically a large stoneware jar. Let us send you booklets giving full particulars regarding the cost of this Silo. Yours for the asking. Address

White Hall, Ill.

Baby's Clothes Must be Soft and Snowy White

The greatest joy of the careful, painstaking and proud mother is to see her baby's clothes soft and clean and snowy white.

Ordinary soap often leaves them yellow or streaky and lacking that much to be desired freshness and sweetness. Then again there is always that "bugbear" of dainty clothes being rotted and burned out by strong chemicals and "dirt starters." All these difficulties are eliminated by the use of

KIRK'S FLAKE WHITE SOAP

Washes quicker, easier, cleaner and whiter than any other soap on the market

Suited for every household use. Millions of housewives are using it daily. No other laundry soap made like it and no other laundry soap ever made gives such complete satisfaction everywhere.

Made from purest vegetable oils only, and will do all the roughest as well as the most delicate wash of the household and laundry with less labor and time than any other soap made, and will not injure the clothes or burn the hands.

There is no grayish grease or harmful chemicals used in KIRK'S FLAKE (White) Soap. It is *the* modern soap.

For Cold or Hot— Hard or Soft Water

KIRK'S FLAKE (White) is equally effective in cold or hot water, with or without boiling. The same cake may be used for every household purpose with perfect satisfaction. In hard water it lathers freely and breaks and softens the water. Saves time, labor and clothes.

FOUND—A place for an olive oil electric shampoo; great for itching scalp and dandruff; Gray's West State Barber shop. 5-6t

Men and women—do you want a splendid head of luxuriant hair free from scalp itch and dandruff?

Do you want hair so bewitchingly radiant that is compels the admiration of all who see it?

Do you want a scalp as immaculately clean and bright as a newly minted coin?

Do you want to use a hair dressing that will surely prevent baldness, that always refreshes and invigorates and makes your entire head feel fine?

Then spend 50 cents this very day and get a bottle of PARISIAN Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary tonics again.

Chained Books.

The books produced in the early centuries of the middle ages were of remarkable beauty inwardly and outwardly. Religious manuscripts were enriched by illustrations within, while their covers were of silver, gold or enamel incrusted with gems. They were bestowed as splendid gifts by bishops and princes on monastic houses and churches, where they were laid on the altar or chained to a desk. Such chained books were named "catenatl." A rough outer covering protected them. This was of dark skin or sealskin and later of chrevotin, a kind of leather, or sandal, a coarse silk. Such coverings were also called "chemises," as a "chemise" of sandalwood. These precious books were also placed in caskets, in shrines, or "capsoe." In Ireland they were laid in satchels, otherwise named "popaires," or "tiaghu ubur," the Celtic bookbinding possessing a peculiar beauty of its own.—New York Herald.

Big Money in Lectures.

No explorer before or since has approached the harvest that Henry M. Stanley reaped, says a writer in the New York Sun, and no man of letters, soldier or scholar has had such a single lecture tour as Stanley's greatest. In something like ten cities he received $2,000 for his first appearance. For the first night in another group of cities he received $1,000 and in still another group $500. Traveling in a special car, upon which he lived in most places, and accompanied by four or five guests, he ended the tour with $68,000 clear of all expenses. For that first night in New York a charity paid Stanley's agent $5,000, and the receipts from the lecture were $14,763. On the other hand, Alexander Graham Bell used to lecture for $25 a night in schoolhouses, and the struggling inventor was glad enough of the fee.

NOTICE OF FINAL SETTLEMENT.

In the matter of the estate of Samuel Javens, deceased.

Notice is hereby given that I, the undersigned executor and trustee of the last will and testament of Samuel Javens, deceased, have caused my final report and account, and a tender of my resignation as such executor and trustee, to be placed on file in the office of the clerk of the probate court within and for the county of Morgan and state of Illinois; and that I shall apply to said court on Monday, the 3rd day of June, A. D. 1912, at 9 o'clock a. m. of that day at the court house in the city of Jacksonville, Illinois, or as soon thereafter as I can be heard for an order of approval of said report and account and the acceptance of my resignation and for a final discharge. At which time and place, all persons interested, can appear and show cause, if any they have, why such order and discharge shall not be granted.

Dated this May 4th., A. D. 1912.
F. H. Wemple,
Executor and Trustee as aforesaid.

SUFFERED EVERYTHING

For Fourteen Years. Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Elgin, Ill.—"After fourteen years of suffering everything from female complaints, I am at last restored to health.

"I employed the best doctors and even went to the hospital for treatment and was told there was no help for me. But while taking Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use until I was made well."—Mrs. HENRY LEISEBERG, 743 Adams St.

Kearneysville, W. Va.—"I feel it my duty to write and say what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female weakness and at times felt so miserable I could hardly endure being on my feet.

"After taking Lydia E. Pinkham's Vegetable Compound and following your special directions, my trouble is gone. Words fail to express my thankfulness. I recommend your medicine to all my friends."—Mrs. G. B. WHITTINGTON.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A LETTER FROM BRAZIL.
(C. A. Carriel.)

Rev. C. A. Carriel, who is serving as a missionary in Brazil, has recently written his mother, Mrs. Mary Turner Carriel, a letter, from which the Journal is permitted to make an extract. Rev. Mr. Carriel writes with a very facile pen on a very interesting subject.

Guarapuava, Parana, Brazil, South America, March 17, 1912.—Dear Mother: Since beginning this letter I have come fifty-four miles in a wagon, through the forests where great pines challenge industry and wild matter furnishes an easy living. Nearly all the way the road was up hill and down. They have here the powerful little brakes used in Italy and make time going down the hills, putting on the brakes just enough to keep the wagon off the horses. Perhaps it would be better to say whipping the horses just enough to keep them in front of the wagon.

We came in the only way—stone ballast, no smoke; luncheon served in the first house ahead, a la coffee and cheese; no mention is made of dust nor jolts. All the traffic of Guarapuava is hauled over this road by eight horse prairie schooners; you can imagine the road in the rainy season. We have surely been to the woods and the song of the forest is in my heart and the spring of the tiger in my legs. If any one should commence the Bacharia I would jump over the table.

I have never heard such symphonesi of water falls nor have I seen such picture galleries of nature, but the sound of a violin could more than rival Niagara and the sight of some one who both know would make Mona Lisia look like a cabbage patch.

You see the Brazillians are dignified and I have been under inspection so long that a little American slang is a good safety valve, besides we start home tomorrow and Mary is only ten days away. Guarapuava has about 2,000 inhabitants, is about one hundred miles from the railroad, has an army garrison, but no bank; is on the telegraph line from Uruquay and Argentina and is the most important point in these parts. They are surveying the railroad and when it comes, this place may become quite a city. The cattle driven from Uruquay to Sao Paulo, 1,000 miles, pass through Guarapuava.

This is the place where Mr. Fred Lenington used to be stationed. There was no doctor here then and their first baby lies in the cemetery. As we have walked the streets Mr. Lenington points out this house and that where he used to live or where things have happened which makes an American's blood boil.

I have two sermons in Portuguese with me and in every place I preside at the services, because Mr. Lenington plays the organ and I do not. He is a good traveling companion and is giving me valuable training. He graduated from Illinois college in 1893, was an athlete and a Phi society man and is jolly. We have great times together.

I have not seen another place in Brazil where the missionaries are so loved by everybody and where the church seems to have such an influence. So many remember Mr. Lenington's work here thirteen years ago. Everyone in the church and in the stores speak also so cordially of Mr. Kolb, who had to leave on account of the asthma and is now in the United States, but will return to the state of Rio Janeiro, where it is warmer and better for him. Next fall a young Brazillian and wife will take charge of this immense field and will be the first native pastor in Guarapuava.

We have just come from the most impressive service. More than two hundred, many standing, and nearly two-thirds of them coming in on horseback or in wagons from four to thirty-six miles away. One joined the church and seven children were baptised. We do most of our pastoral calling on horseback. The best horse our horst, Mr. Roberts, has he has given to Mr. Lenington to use. He is a beauty and easy as a cradle, while I ride Mr. Kolb's old veteran, and we receive a royal welcome every place. The poorest family brought their baby to be baptised today. I remember their home. It was the crudest hut, mud floor, cracks in the walls and holes in the roof; the stove was a fire between bricks on the floor and the smoke went out through the roof; the baby swung in a cradle made of a wild boar's hide and suspended by strips of hide. But the man had a good face and the woman one of the sweetest faces I have seen among this people of the interior. At communion service I speak extemporaneously in Portuguese and am glad to see my Anglo-Saxon tongue is improving.

I am like the man on the chimney without a ladder, I have unraveled the yarn beginning at the toe.

Take your map of the state of Parana in Brazil and you can follow us on our journey. We went on the train from Curityba to Ponta Grossa, a city of 1,000 people and a coming center of Parana. The congregation is very small. Two women who talk too much and the efforts of the adventists are partly the explanation. I marvel at these people. All of them nearly have had little education, yet they refute with their Bibles, Catholics, Adventists, Spiritualists and Independents, who are always after them, and with few visits from the missionaries they stand their ground. The adventists are a pest here. They do little work except among congregations already established, and often the result is that men give up religion. Keeping neither Saturday nor Sunday, the Spiritualists here believe in transmigration. I heard of a man recently who never used his jackass because it was the incarnation of his grandfather. There are lots of donkeys in Brazil and as they say in Portuguese "quen sabe" (who knows) if there is anything in the incarnation theory? Ha! Ha! From Porta Grossa we came west by train to Fernandes Perbeiros, where we left the railroad and took the stage, which is like our old prairie schooners, for Imbituva, twenty-four miles away. Here we found a faithful little church.

From Imbituva the covered wagon of our prospective host, Robert Rickto, took us to Mandory. We sat on a sack and bumped over the great holes in the road—mules like to jump over mud holes—and the boy could not stop them, so we had some interesting times. I thought of grandpa's trip east over the government stage road. Ours was not equal to his, but we had to rest occasionally by walking. We had coffee in the house of a blacksmith, who is a church member. They were making an axle out of a bar of steel and filing the round ends for the wheels.

It was 7:30 p. m. when we reached senhor Roberto—and a good German dinner was welcome. There was a full moon and we went to sleep listening to the roar of the waterfalls nearby. The Rickto brothers, who with their families and employes form quite a colony, are the wonder of the neighboring Brazilians. The falls run a grist mill and a saw mill; they have also a hide tanner and a shoe maker. We followed the "trail of the lonesome pine" from the time that the first chips flew, until the boards were hauled from the mill. I had an athletic time with a great pine, but my hands blistered before the pine fell and I left it for the woodman to finish. Right by the house are the beautiful little falls of the Duck river. It is about 450 feet wide and 80 feet high. The water dashes into spray over these falls, then gurgle down the river to fall again 208 feet at the falls of the White river. Before the Ricktos came the "Little Falls" was used only to run a Brazillian "monjolo," the crudest kind of little mill. The little run of water which now furnishes power for the two mills is about four feet wide and six to ten inches deep. Think of the unused power. I referred to this unused power in my sermon on "Jesus' communion with the Father" as sympolic of the spiritual power of that omnipotent Father, which is able and ready to fill all the needs of the heart, but unused. I think I shall never forget the impression which this thought of unused power made on me during the days by the falls. From here to Pendentopolin, where there is neither railroad nor drug store nor doctor—all around in the woods the matte grows wild. This is the great drink and product of Parana. It is known in the U. S. as "Paraguay Tea." It is better than coffee for the nerves and has been recommended by officials for the United States army. From here to Guarapuava, forty-eight miles, we had a luxurious ride in the hotel carriage.

We climbed Mt. Hope and could see for leagues over wooded hills and campos. I shall never forget the wonderful bracing climate of G. or the belles vistas, and the appreciation of the people, who are as worthy as they are neglected.

In one family there are forty-six Christians—three generations—who without schools and in a moral atmosphere when the moral candle is burning low are letting their light shine. When you preach they listen. When they thank you for coming you know they mean it.

With love to all,
Arthur Carriel.

As "Ed" Howe Sees Life

When a woman looks young for her age, there is more talk about it than if she looks older than she really is.

When it is announced that there are a "few choice seats left" for a lecture or concert, it means that a good many are left.

One of the Rights of Man is the right not to be forced to fight in unnecessary wars for $16 a month, when he might earn very much more in a less dangerous and disagreeable job.

If you are a good and capable citizen, you have not only done your duty to yourself; you have done your duty to society. Every worthy man reduces the public charge for jails and police officers, and reduces the affliction that comes from liars, loafers, disturbers and drunkards.

Behave yourself and you are not only an ornament to society, but a help.

I have lived a long time, and known many worthy men and women, but I have never personally known a hero or heroine.

It is a fine thing to be a gentleman, except in emergencies in politics.

Every really good thing will steadily become better, as surely as every bad thing will steadily become worse.

To Napoleon the Great, it was easier to beat an enemy than is commonly believed; but to you and to me, it is more difficult than is commonly believed.

It is better to enslave a man as workman, at three dollars a day, than it is to enslave him as a soldier, at fifty cents a day.

CHAMINADE MUSIC CLUB

Last Regular Meeting of Season Held Monday at Home of Mrs. H. H. Potter—Delightful Program Rendered.

The Cahminade Music club held its last regular meeting for the season Monday afternoon at the home of Mrs. Homer Potter on West Lafayette avenue. There was a full attendance and many invited guests were also present. The program for the afternoon was music of field and forest and was brilliantly rendered.

The club has just closed a most successful and profitable year. Its members with few exceptions have been faithful, ambitious and energetic in carrying out the fifteen interesting programs arranged for the season's work and all fully appreciate the opportunity and advantages offered for the study of the very best musical compositions of the greatest masters. It has been an inspiration to be identified with the National Federation of Musical clubs and in touch with so many cultured musical people.

The Chaminade club now owns a valuable musical library, containing over 500 of the most noted compositions of famous classical and modern composers consisting of concerted music for two pianos, for violin and piano, piano solos, duets and part songs. The members are grateful to the management of the Wednesday Musical club for the donation of 115 didfferent classical compositions.

The program given was as follows:

Trio, Flowers of the Field ..... Destouches
Miss Slaughter, Mrs. Homer Potter, Mrs. Charles Hopper.
Woodland Whispers ..S. Braungardt
Mrs. Ralph Hutchinson.
(a) The Clover Blossons ..... Mary Knight-Wood
(b) Through a Primrose Dell .... Charles S. Spress
(c) The Magic Song. Meyer-Helmund
Mrs. C. F. Ehnie.
Silver Spring ..... Mason
Mrs. F. L. Hairgrove.
(a) The Meadow Song .... Godard
(b) Hark, Hark, the Lark..Scubert
(c) Forest Calls ..... Schmidt
Miss Cora Gordon Graham.
Gypsies in the Forest...Scharwenka
Miss Sarah Walker.
(a) The Sun and the Shower.... Helen Guy d'Hardelot
(b) Woodland Madrigal..R. Batten
Mrs. J. Bart Johnson.
The Swallows Gaily Singing. Delibes
Mrs. J. P. Brown, Mrs. J. T. Hoffman
What the Forest Brook Babbles.. Poldini
Miss Elizabeth Slaughter.
The Nightingale's Song ..... Ethelbert Nevin
Mrs. Gregory Clemmons.
Scene at the Brook (from Pastoral Symphony) ..... Beethoven
Mrs. Virginia Vasey, Mrs. F. L. Hairgrove.

FREE BOOK ON PILES.

Tells How Cures Are Made With an Internal Medicine.

Do you know the cause of piles?
Is it inward or external?
Is it a skin disease?
Will salves or cutting cure for good?
Do you know how Dr. J. S. Leonhardt found the long-sought internal cure?

These questions fully answered in a booklet mailed free by Dr. Leonhardt Co., Station B, Buffalo, N. Y., or by Armstrongs' Drug Store, who sells HEM-ROID, the successful remedy at $1 per large bottle, under guarantee. At all drug stores.

No poisonous sugar of lead, no sulphur, no injurious ingredients in PARISIAN Sage. Ask for PARISIAN Sage. Coover & Shreve guarantee it.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear. Sold by all dealers.

J. A. Shanks, Lewisburg, Ind., enjoyed a visit from his grandchildren. Both had severe colds and coughed at night. The medicine prescribed failed to stop this coughing so Mr. Shanks took the mater into his own hands and says: "I got a bottle of Foley's Honey and Tar Compound and after a few doses they went to sleep and slept throughout the night without coughing." City Drug store, J. A. Obermeyer.

Miss Laura Leggett has taken a position as office lady for Dr. A. L. Adams, succeeding Miss Geneva Morrison, who is to become visiting nurse for the Morgan County Anti-Tuberculosis society.

EXECUTOR'S NOTICE.

Estate of Eliza Randerson, deceased.

The undersigned, having been appointed executrix of the last will and testament of Eliza Randerson, late of the county of Morgan and state of Illinois, deceased, hereby gives notice that she will appear before the county court of Morgan county, at the court house in Jacksonville, at the July term, on the first Monday in July next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 1st day of May, A. D. 1912.

Ollie May Reid,
Executrix.

L. P. Fisher of the southeast part of the county was in the Journal office yesterday and said the recent rains had washed out the approach to an important bridge in his neighborhood.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S. S. S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S. S. S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the over-strained nerves, and makes one feel better in every way.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CORN IS KING

AND MORGAN COUNTY IS HIS CAPITOL.

He is at home here. His subjects understand him and like him. He gives them every year full and satisfactory returns for all they do for him. Morgan county land costs money, but it is worth it. Land elsewhere can be bought cheaper, but it is worth less, and you never know when it is going to fail you. Morgan county crops never fail.

The best known real estate man in Morgan County.

For sixteen years we have talked this and nothing but this: Stay with the dirt you know. Keep your farm; or, if is too small for you, buy a larger one that you know all about. We can sell you the farm, and we can get you all the money you need to pay for it—home money—Morgan county money—money that has been made, grown if you please, in Morgan county dirt, and that is not afraid to go back into it.

We have confidence in Morgan county land, and the money-owners of Morgan county have confidence in us, and for sixteen years the combination has been working well. We have always had the money to lend, and our money clients have never lost a dollar nor had to foreclose a mortgage of a farm.
